DARGEWITZ composites

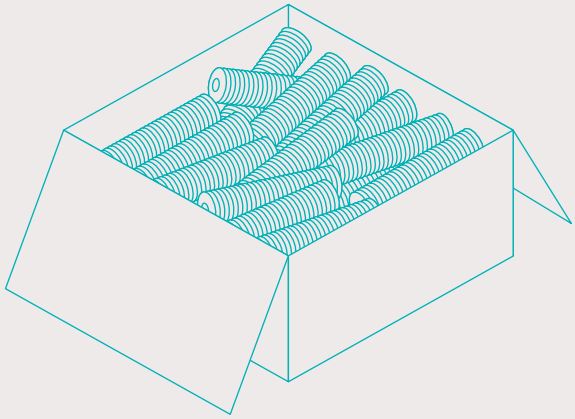

PRODUCT DATA SHEET

FINNED ROLLERS REFILL PACKS

Our finned rollers refill packs allow worn rollers to be replaced quickly without having to replace the entire finned roller. They are a practical addition to our finned rollers, allowing you to continue using the existing handle.

The replacement rollers are designed for our push-fit system and are easy to change. This saves costs, reduces material consumption and ensures economical use in everyday applications.

Our roller frame is a practical addition.

+ Easy roller replacement without screw fastening
+ Compatible with our finned roller push-fit system
+ Existing handle can be reused
+ Available in various roller designs
+ Cost-effective and resource-efficient replacement solution

Finned Roller refill packs
