DARGEWITZ composites

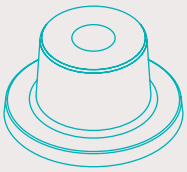

PRODUCT DATA SHEET

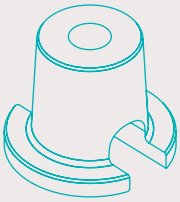

PLUG ADAPTER

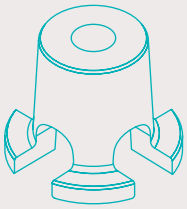

The Plug Adapter allows the vacuum film to be pierced with ease and ensures a reliable, tight connection within the infusion setup. The tapered end makes precise insertion easier. This ensures a secure and stable connection throughout the entire infusion process.

Compatible with:

Plug Plate

Plug Line

Plug Cross

+ Material: POM – dimensionally stable, chemical-resistant
+ Media: epoxy and polyester resin
+ Application: fits the Vacuum Infusion Plug series
+ Temperature: -40 °C to +90 °C, briefly +110 °C*

* The temperature resistance depends on the specific application and medium. The customer is responsible for verifying the suitability of the product under their individual operating conditions.
